### How to Get There

Orokawa Bay is 15km north of Katikati, off State Highway 2 at the end of Waihi Beach Road.

### Attractions and Facilities

#### Waihi Beach to Orokawa Bay track

(Moderate walking, 1.5hrs return)

The track skirts the coastal headland from the northern end of Waihi Beach. Access can be blocked at times of high tide and a strong swell. The beach is unsafe for swimming, but is popular for picnics under the pohutukawa.

#### Orokawa Bay to William Wright Falls

(Moderate walking, 1hr return)

The track starts at the northern end of the beach on a flat area above the Orokawa Stream. The track crosses the stream many times to reach the 30m William Wright Falls, which are spectacular after heavy rain. Return down the stream.

#### Orokawa Bay to Homunga Bay

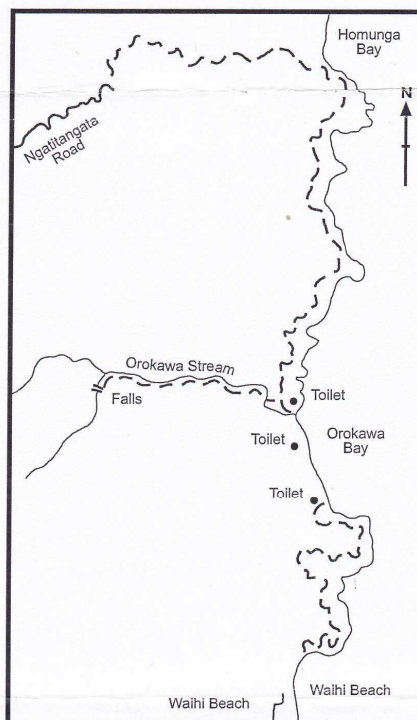

(Moderate walking, 3hrs return)

The track to Homunga Bay continues from the northern end of Orokawa Bay, skirting along the coastline past headlands and cliffs. Parts of the track cross private land, by courtesy of the owners. Return the same way, or follow a pole-marked track for another 60 minutes, up a steep climb through farmland to Ngatitangata Road. For a one-way trip, start here and walk through to Waihi Beach.

Toilets are provided at three points on Orokawa Beach.

### Please Remember

Dogs, horses, vehicles (including bicycles and motorbikes), fires, removal of plants or animals, camping or hunting are not permitted.

NEW ZEALAND

ENVIRONMENTAL  
CARE CODE

Protect plants and animals.
